## Individual Dependent

Each time I <i>DO</i> this.....	It will be interpreted to <i>MEAN</i> this.....	My partner will <i>DO</i> this....	My partner will <i>SAY</i> this....	What symbol will be <i>ADDED</i> to my abstract symbol...
Select the abstract picture "drink".	"I want a drink."	Provide the abstract symbols for "milk" and "juice". Allow time for individual to choose. Provide additional symbol for "want" or provide the communication template.	"You want a drink. Do you want milk or juice?" The partner should point and/or display the model in grammatical order.	The abstract symbol selected will be paired to the "want" symbol.
Select the abstract symbol for "go car".	"I want to go in a car." <b>or</b> "I want to go to _____." (Situation dependent)	Provide an additional symbol of either "want", "in", or the destination. (home, Grandma's, store)	"You want to go in a car." or "You want to go to Grandma's." The partner should point and/or display the model in grammatical order.	The abstract symbol for "want", "in" or destination will be paired with "go car".
