Requirements

W.Va. Code §18A-3-1 states that the state superintendent has the authority to issue certificates in accordance with the rules adopted by the West Virginia Board of Education. W.Va. Code §18A-3-1 states that a certificate to teach shall not be granted to any person who is not a citizen of the United States, is not of good moral character and physically, mentally and emotionally qualified to perform the duties of a teacher and who has not attained the age of eighteen years on or before the first day of October of the year in which his or her certificate is issued; except that an exchange teacher from a foreign country, or an alien person who meets the requirements to teach, may be granted a permit to teach within the public schools of the state. W.Va. Code §18A-3-3 refers to the renewal of certificates and states that the candidate for licensure must receive "recommendation based on successful teaching experience from a county superintendent of schools of the county in which the holder last taught or resides." Verification of these qualifications is needed to issue a license to work in the public schools of West Virginia. WVBE Policy 5202 §126-136 requires that individuals employed in a WV county obtain the recommendation of the superintendent in that county.
