X. Reconveyance of West Virginia Schools for the Deaf and the Blind (WVSDB) Off-Campus Barn Property.

Ms. Kelli Talbott, General Counsel, provided background information leading to the necessity of reconveying the property to the City of Romney, West Virginia. Specifically, in May 2019, the WVBE voted to convey property owned by WVSDB in Romney to the City of Romney. The property in question is off campus and is known as the barn property. A historic dairy barn formerly used by the WVSDB is situated on the property. Because the conveyance was between public entities, the Board of Public Works was required to approve it pursuant to state statute, which it did in September 2020. The deed had a condition in it that required that the City of Romney use the property for a "public use." Otherwise, the property would revert. The City of Romney is in the process of obtaining a federal Land and Water Conservation Fund grant to construct a public pool and recreation area on the property. Although this usage is consistent with the "public use" condition in the deed, the federal grant cannot be obtained unless the City of Romney has unconditional title to the property. Therefore, the Mayor of the City of Romney and their attorney had requested that the WVBE unconditionally reconvey the property to resolve the issue. The WVBE has confirmed with the West Virginia Department of Economic Development, the entity that administers the grant at the State level, that the City of Romney must have an unconditional deed to the property to obtain the grant. Ms. Talbott also explained that once the WVBE approves the unconditional reconveyance, the matter would have to be reapproved by the Board of Public Works before reconveyance could be completed. Vice-President Gabriel called for a motion to approve the unconditional reconveyance of the WVSDB barn property to the City of Romney. Mrs. White moved, and Mr. Dunlevy seconded, that the property be unconditionally reconveyed to the City of Romney. Upon a call for the question, the motion carried on a voice vote.

XI. WVBE and WVDE Personnel Matters

Vice-President Gabriel called for a motion to approve the WVBE personnel matters included in the agenda attachment. Mrs. White moved, and Mr. Rotruck seconded, that the WVBE personnel matters included in the agenda attachment be approved. Upon the call for the question, the motion carried on a voice vote. Vice-President Gabriel then called for a motion to approve the WVDE personnel matters included in the agenda attachment. Mr. Dunlevy moved, and Mr. Rotruck seconded, that the WVDE personnel matters included in the agenda attachment be approved. Upon the call for the question, the motion carried on a voice vote.

XII. WVBE Member Updates and Requests for Information

Mr. Rotruck reported that he had visited a STEAM TAC event at Lincoln School in Harrison County with West Virginia University President Michael Benson and Morgan O'Brien from Hope Gas. The event was an immersion for students considering a profession in the natural gas industry. Mr. Paul expressed gratitude to the WVDE senior officials, board staff, and members for assisting him in getting up to speed on issues and processes essential for board members and explained that his primary focus as a member would be on student outcomes and doing what is best for students.
