

WEST VIRGINIA LICENSURE TESTING DIRECTORY

EFFECTIVE June 3, 2026

DIRECTORY DESCRIPTION AND AUTHORITY INFORMATION

West Virginia Board of Education (WVBE)–required licensure assessments for educator certification, as well as for the completion of programs leading to West Virginia licensure. The directory is maintained on the West Virginia Department of Education website and is published in accordance with WVBE approved testing requirements outlined in West Virginia State Code (i.e., §§18A 3 1 through 18A 3 2a) and WVBE policies (i.e., Policies 5202, 5100, and 5901).

LICENSURE REQUIREMENTS:

PRE-PROFESSIONAL, CONTENT, AND PEDAGOGICAL KNOWLEDGE AND SKILLS

All Applicants must submit documentation meeting the following requirements:

1. Pre-Professional Skills Assessments; and
2. Content Assessments - Review the applicable content assessment(s) and passing scores required for each endorsement area, in accordance with appropriate grade levels, in the specialization tables of this document; and
3. Professional Education Assessment

TEST SCORE VALIDITY

The validity period for in state and out of state assessments and passing scores is ten years from the date the candidate passed the examination, provided the assessment was required under WVBE policy—or an applicable out of state policy—at the time the assessment was taken.

Candidates whose assessment scores are more than ten years old at the time of application for licensure must meet the current assessment and passing score requirements. However, if the WVBE has not changed either the required assessment or the passing score since the candidate tested, the assessment and score remain valid beyond the ten-year period for initial licensure.

All passing scores from previously WVBE required pre professional skills assessments may be used beyond the ten-year limit to satisfy the pre professional skills requirement.

A candidate who fails to apply for licensure within 12 months from completing an approved program for licensure is required to satisfy any current and additional test requirement(s) and program components in effect at the time the application for licensure is submitted and to comply with the conditions established for the validity period.

Pre-Professional Skills Assessment scores may be used beyond the ten-year limit and may be used to satisfy the pre-professional skills assessment requirement.

Requirements for adding endorsements based on content proficiency to a Professional Teaching Certificate are found WVBE Policy 5202 Minimum Requirements for Licensure of Professional/Paraprofessional Personnel and Advanced Salary Classifications or the Form 8C Guidance Document available on the WVBE website.

ETS PRAXIS BRIDGE OPTION

The ETS Praxis Bridge Option is an alternative passing method for select Praxis assessments. Instead of retaking the full assessment, eligible candidates can complete a learning module provided through ETS to demonstrate their competency and earn a passing score currently shown as “alt pass” on a score report. To qualify, candidates must have attempted a Praxis assessment approved for the Bridge Option in West Virginia and scored within one standard error of measurement (SEM) of the passing score, as defined in the WV Licensure Testing Directory. Click the link for more information on the Praxis Bridge, FAQ for Test Takers.

- The Praxis Bridge Option can only be used when applying for initial licensure if the candidate successfully completed a program that includes both content and pedagogy.
- The Praxis Bridge Option cannot be used to add an endorsement to a Professional Teaching Certificate through the content proficiency option.

INITIAL LICENSURE GPA REQUIREMENTS

In accordance with WVBE Policy 5202, applicants seeking WVBE licensure must meet the minimum qualifying grade point average (GPA) associated with the certificate sought. Individuals may be exempt from the WVBE-required initial licensure GPA requirements, provided they meet one of the exemptions listed in the Exemptions for Initial Licensure GPA Requirements section below.

WEST VIRGINIA TEACHER PERFORMANCE ASSESSMENT (WVTPA)

The West Virginia Teacher Performance Assessment (WVTPA) is a standards-based evaluation used by WVBE–approved educator preparation programs to measure a teacher candidate’s readiness for the classroom. The WVTPA evaluates a candidate’s ability to plan instruction, engage students in learning, assess student understanding, and reflect on teaching practice using evidence from real classroom experiences. Successful completion demonstrates that the candidate can apply professional knowledge and instructional skills in authentic teaching settings and is prepared to meet West Virginia’s expectations for beginning educators.

The WVTPA is for in-state WVBE approved educator preparation programs that use the WV TPA only. The passing score of the WVTPA is at least 2 on each element and sub-element. A score of 1 (unsatisfactory) on any part of the WVTPA is not acceptable and requires a resubmission. Only one resubmission is permitted.

Important Information: Refer to the most recently WVBE-approved WV Licensure Testing Directory for the most up to date information on required assessments AND for passing scores. Please note applicants under a restricted waiver and/or flexible provisions will be required to meet the specific scores based on those flexibilities that may differ from the above-listed scores (see page 6 of the Directory). Program participants of WVBE-approved educator preparation programs using EdTPA must use the handbook approved by the program provider to ensure the handbook is accepted for successful program completion prior to registering for the assessment. For individuals who completed an out of state program or a WVBE-approved pathway which did not include a Teacher Performance Assessment (TPA) and the applicant received a non-transferable Professional Teaching Certificate, the professional education TPA (in their endorsement area) may be taken by registering as someone who is unaffiliated with a program to fulfill the TPA requirement for conversion to the transferable certificate.
