Purpose

The Individuals with Disabilities Education Act of 2004 [20 USCS §1414(c)(5)(B)(ii)] requires a Summary of Performance (SOP) for students exiting special education with a regular high school diploma or who reach the maximum age for eligibility. The SOP document acts as documentation that summarizes student strengths and challenges as well as successful learning strategies used while in high school. Once a student leaves high school, the adult student/parent may give permission for the SOP to be provided as appropriate to: (1) a student support services office at a college or university, (2) an agency providing services after high school, or (3) an employer. The SOP is an essential component to enable continuity of transition support for the student after graduation [34 CFR §300.305(e)(3)].

Instructions for Completing this Document

The Summary of Performance document should be completed collaboratively by a special educator and the student. Include the student as much as possible in the completion of this document. The student should feel comfortable sharing this document with potential future employers or a student support office in a college or training center. Please be sure to include the student's most recent evaluations and IEP as separate attachments when providing this document to others.

West Virginia Policy 2419 states the **meeting to review this summary of performance** must be conducted no earlier than 45 days, and no later than seven days, prior to graduation or reaching the end of the school year following the student's 21st birthday [126 CSR 16-5.2.F]. This is not an IEP meeting and does not require the full IEP team. The SOP meeting can be held between the case manager and student as long as this document is signed by the adult student or parent/guardian.

I. Student Perspective

Please have the student complete the following, or when appropriate the student may dictate the information to an adult scribe.

What are your strengths?

What are your challenges?

One-Year Follow-Up Survey

This SOP will help us contact students after they leave high school. We want to learn from former students how we can improve transition services in West Virginia. One year after leaving high school, students will be contacted by their school and asked to complete a "One Year Follow-Up Exit Survey" about what they are doing after high school. Surveys are typically completed by the student with support from parents, or personnel from adult service agencies. Data gathered conveys the former student's actual post-secondary outcomes and supports from adult service agencies. This information is used for multiple purposes including meeting federal requirements and to improve transition services for students related to education, training, employment, and independent living skills necessary for success after high school.
