### Extended School Year Consideration

#### Will Extended School Year be considered while developing this IEP?

Yes                      N/A (Student is Gifted)

### ESY Determination

#### The IEP Team in making its determination of a student's need for ESY shall review documentation that the student exhibits, or may exhibit:

- » Significant regression during an interruption in educational programming;
- » A limited ability to recoup, or relearn skills once programming has resumed;
- » Regression/recoupment problem(s) that interfere with the maintenance of identified critical skills as described in the current IEP; and
- » Other factors that interfere with the maintenance of identified critical skills as described in the current IEP, such as predictive data; degree of progress; emerging skills and breakthrough opportunities; interfering behaviors; nature and/or severity of the disability; and special circumstances.

*(The lack of clear evidence of such factors may not be used to deny a student ESY services, if the IEP Team determines the need for such services and includes ESY in the IEP.)*

#### Does the student need Extended School Year Services?

Yes                      No                      Defer until: \_\_\_\_\_

### ESY Parent Acceptance

#### Does the parent accept or reject ESY services?

Accept                      Reject                      Student does not qualify for ESY Services                      ESY Eligibility Deferred

### Consideration of Factors for IEP Development / Annual Reviews

#### In developing each student's IEP, the IEP Team must consider:

- » Strengths of the student.
- » Concerns of the parents for enhancing the education of their child.
- » Results of the initial evaluation or most recent evaluation of the student; and
- » Academic, developmental and functional needs of the student.
- » Special factors as applicable

If the student understands instructional content at grade level, but is unable to read with sufficient accuracy and fluency to support comprehension at the same rate as his/her peers; or cannot physically manipulate the print medium; or due to blindness/low vision cannot see standard print materials, then click the links to learn more about Accessible Educational Materials. Please refer to the Accessible Educational Materials guidance documents on the WVDE website.)

Assessment Data

Interim, Formative, Secondary Transition (TR1), and Additional Assessment Data

Using current, annual data, list the interim, formative, and secondary transition assessments (TR1) that have been used with the student and describe the results and implications for specially designed instruction. This could include data relevant to student behavior, setting demands, work habits/ learning skills, technology skills, workplace skills, independent living skills, performance-based assessments. Describe the results and implications for specially designed instruction.

Assessment:	Date:	Results/Implications:

Age of Majority - must be answered annually

Have the student and parent have been informed of the transfer of educational rights that will automatically occur upon the student reaching age 18? This is required no later than the student's 17th birthday. Type in the original date and initials for each subsequent IEP after this has been addressed.

Yes

No

### Parent(s)/Adult Student Consent (TR2)

**Did the parent(s)/adult student consent to invite each Outside Agency, that is likely to be providing or paying for transition services, prior to convening the current IEP meeting?**

Yes                      No                      N/A - IEP Team determined that no Outside Agency was needed at this time

### Outside Agency Invite (TR2)

**Were any Outside Agencies invited to the current IEP meeting?**

Yes                      No                      N/A - IEP Team determined that no Outside Agency was needed at this time

### Student Invite (TR3)

**Was the student invited to the current IEP meeting? If the student was not invited to the meeting, please explain why (e.g., parents requested the student not attend at this time, etc.).**

Yes                      No

### Student Prefs. - Transition Considerations (TR3) - Do not leave blank

**How were the student's preferences and interests considered (e.g. transition assessments, student or parent interviews, informal conversations, etc.)?**

### Transition Considerations - Courses of Study (TR4) - do not leave blank

**List the student's previous and current courses of study (e.g., PEP) starting with grade 9 (by graduation this section should contain 4 years of courses). Include a rationale describing how the student courses will support the student with meeting their post-secondary goals. If the student is in middle school, state the student is completing middle school curriculum in preparation for high school and future development of a PEP.**

### **Post-secondary EDUCATION/TRAINING GOAL (TR5) - REQUIRED for all students and disability categories**

Write as a goal that includes: a timeline (e.g., After graduation or After high school), is specific (what they will study or be trained in), and based on results of transition assessments. This does NOT have to be college. This can include on-the-job or life skills training.

### **Post-secondary EMPLOYMENT Goal (TR6) - REQUIRED for all students and disability categories**

Write as a goal that includes: a timeline (e.g., After graduation or After high school), is specific (what career they will have), and based on results of transition assessments. This aligns to the student's future career and is not a summer job or a temporary job

### **Post-secondary Independent Living Goal (TR7) - AS APPROPRIATE - do not leave blank**

Write as a goal that includes: a timeline (e.g., After graduation or After high school), is specific, with consideration given to the student's need to develop skills that will enable them to live as independently as possible. Minimally include a statement such as: The IEP Team determined that independent living goals are not appropriate at this time.

### Transition Considerations - Courses of Study and Alignment with IEP (TR7) - do not leave blank

Federal law (20 USC CFR 300.43) defines transition services as a coordinated set of activities within a results-oriented process that focus on improving the academic and functional outcomes for the student to achieve their post-secondary goals. Transition Services are based on the student's individual needs and at least one activity is required that supports the Annual Transition Goal. **DO NOT include general education classes or diploma requirements in the description of service. See help text for examples of services for each activity (in WVEIS).**

Identify transition services and activities that will be provided by the LEA (school) during this IEP. If an outside agency is providing or paying for transition services, include the name of the agency, as well as the description of the services to be provided.

## Alternate Standards Guidelines

### TO BE COMPLETED ONLY IF THE IEP TEAM HAS SELECTED ALTERNATE STANDARDS

#### ALTERNATE STANDARDS GUIDELINES

Alternate Standards are designed for students with the most significant cognitive disabilities. Students following the Alternate Standards will participate in the statewide Alternate Assessment and are on track to receive an alternate diploma which has implications regarding post-secondary education and career opportunities.

The following three statements must be answered yes when determining if the student's program of study should be based on the Alternate Standards:

1. The student has a significant intellectual disability.  
*NOTE: WV Policy 2419, Chapter 4, Section 3.I, states that an intellectual disability is defined as significantly sub-average intellectual functioning that exists concurrently with deficits in adaptive skill areas. These deficits are manifested during the developmental period and adversely affect the student's educational performance. The student with moderate to severe intellectual disability has general intellectual functioning more than three standard deviations below the mean, in consideration of 1.0 standard error of measurement as determined by a qualified psychologist, using an individually administered intelligence test.*
2. The student will be primarily instructed using the Alternate Assessment.
3. The student requires extensive direct individualized instruction and substantial support to achieve measurable gains in the grade and age-appropriate curriculum.

The following are NOT allowable considerations to determine participation in the Alternate Assessment:

1. A disability category or label
2. Poor attendance or extended absences
3. Native language/social/cultural or economic difference
4. Expected poor performance on the general education assessment
5. Academic and other services student receives
6. Educational environment or instructional setting
7. Percent of time receiving special education
8. English Learner (EL) status
9. Low reading level/achievement level
10. Anticipated student's disruptive behavior
11. Impact of student scores on accountability system
12. Administrator decision
13. Anticipated emotional duress
14. Need for accommodations (e.g., assistive technology/AAC) to participate in assessment process

#### The IEP Team must check the box below to confirm:

State guidelines were followed when making the decision to select Alternate Standards, including the use of the Eligibility Determination Checklist for Participation in the West Virginia Alternate Summative Assessment (WVASA) to determine the appropriate assessment for this student.

Yes ☐ This student is not on Alternate Standards ☐

The IEP Team **must** include a statement/rationale below explaining why the student cannot participate in the regular assessment **AND** why the particular alternate assessment selected is appropriate for the student (34 CFR 300.320(a)(6)(ii)).

**Justification Statement for Removal from GEE**

Explain the extent, if any, to which the student WILL NOT participate in the general education classroom and/or extracurricular and other non-academic activities. Present levels of academic achievement and functional performance must explain why full participation is not possible.

### Least Restrictive Environment (LRE) Considerations

**The IEP Team has considered:**

Annual placement determination based on the IEP.

Only schools and classroom settings appropriate to the student's chronological age.

Education in a general classroom with the use of supplementary aids and services.

Potentially harmful effects of the selected LRE placement on the student and the quality of the student's services.

Education with age-appropriate non-exceptional peers.

Placement as close to home as possible, in the school the student would normally attend if not exceptional, unless the IEP requires other arrangements.
