

West Virginia DEPARTMENT OF EDUCATION

Office of Certification

Initial Coaching Authorization Application Form 39

Candidate User Guide

The Office of Certification created this user guide to provide detailed instructions for candidates to apply for an Initial Coaching Authorization after an offer of employment in a West Virginia county public school system through the WVEAP online system.

Certification Registration

Each candidate must first register with the Certification Portal to connect their certification records with their Single Signon Account (SSO)/Webtop Account. A Webtop account (SSO) is assigned to all full-time county school employees. If the candidate is not a full-time employee, please follow the steps below to create one.

The registration process will assist the candidate in creating the candidate SSO account. A valid email address is required when creating an SSO account. Candidates who are currently employed in a WV School System should already have a SSO account/Webtop account through their district. Candidates will need the SSO username and password to register and log in.

From the Certification Portal home page (<https://wveis.k12.wv.us/certportal/>), click the “Register” button to start the certification portal registration process.

The image is a screenshot of the West Virginia Department of Education's Certification Portal. At the top, there is a dark blue header with the West Virginia state seal on the left and the text "West Virginia DEPARTMENT OF EDUCATION" in white. Below the header, the title "Certification Portal" is centered. Underneath the title, there is a light blue box containing three buttons: "LOGIN", "REGISTER", and "WEBTOP PROFILE". Below this box, there is another light blue box containing a "Registration Notice" section. The notice states that all applicants are required to complete the registration process and that applicants with a Webtop account must complete the registration process first before logging in. At the bottom of the notice box, there are links for "User Guides & How To Videos", "User Guides for Applicants and Approvers", and "Certification Portal User Registration Video".

The registration process will ask the candidate several questions to determine if the candidate has a West Virginia Department of Education certification record. If the candidate is not in the system, the process will assist the candidate in creating the candidate certification record. If the system locates certification records for the candidate, it will display basic account information for verification.

The last step in the registration process is to either create an SSO user account or locate the candidate current SSO Account.

Once the candidate has completed the registration process the candidate can log into the Certification Portal and submit the candidate application.
