Office of Certification

Renewal National Board for Professional Teaching Standards

Form 45R

Candidate User Guide

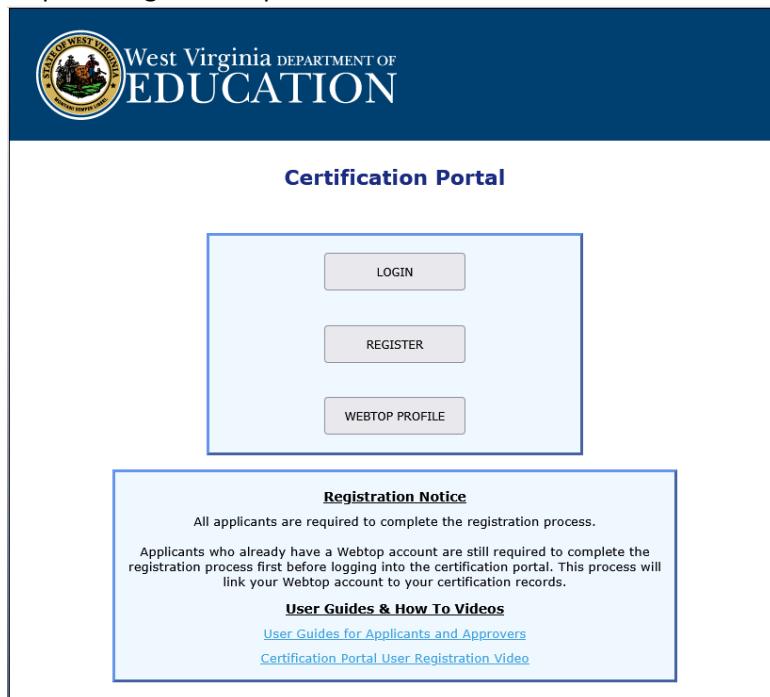

The Office of Certification created this user guide to provide detailed instructions for candidates to apply for the National Board of Professional Teaching Standards to a teaching certificate through the WVEAP online system.

Certification Registration

Each candidate must first register with the Certification Portal to connect their certification records with their Single Signon Account (SSO)/Webtop Account. A Webtop account (SSO) is assigned to all full-time county school employees. If the candidate is not a full-time employee, please follow the steps below to create one.

The registration process will assist the candidate in creating the candidate SSO account. A valid email address is required when creating an SSO account. Candidates who are currently employed in a WV School System should already have a SSO account/Webtop account through their district. Candidates will need the SSO username and password to register and log in.

From the Certification Portal home page (<https://wveis.k12.wv.us/certportal/>), click the “Register” button to start the certification portal registration process.

The registration process will ask the candidate several questions to determine if the candidate has a West Virginia Department of Education certification record. If the candidate is not in the system, the process will assist the candidate in creating the candidate certification record. If the system locates certification records for the candidate, it will display basic account information for verification.

The last step in the registration process is to either create an SSO user account or locate the candidate current SSO Account.

Once the candidate has completed the registration process the candidate can log into the Certification Portal and submit the candidate application.
