## Office of Certification

### Renewal Restricted Short-Term Substitute Application Form 2AR

### Candidate User Guide

The Office of Certification created this user guide to provide detailed instructions for candidates to apply for the Renewal of a Restricted Substitute Permit after an offer of employment in a West Virginia county public school system through the WVEAP online system.

## Certification Registration

Each candidate must first register with the Certification Portal to connect their certification records with their Single Signon Account (SSO)/Webtop Account. A Webtop account (SSO) is assigned to all full-time county school employees. If the candidate is not a full-time employee, please follow the steps below to create one.

The registration process will assist the candidate in creating the candidate SSO account. A valid email address is required when creating an SSO account. Candidates who are currently employed in a WV School System should already have a SSO account/Webtop account through their district. Candidates will need the SSO username and password to register and log in.

From the Certification Portal home page (<https://wveis.k12.wv.us/certportal/>), click the “Register” button to start the certification portal registration process.

The screenshot shows the West Virginia Department of Education Certification Portal. At the top is a dark blue header with the West Virginia state seal and the text "West Virginia DEPARTMENT OF EDUCATION". Below the header, the title "Certification Portal" is centered. Underneath, there is a light blue box containing three buttons: "LOGIN", "REGISTER", and "WEBTOP PROFILE". Below this box is another light blue box titled "Registration Notice". The notice states that all applicants are required to complete the registration process. It also mentions that applicants with a Webtop account must complete the registration process first before logging in. At the bottom of the notice box, there are links for "User Guides & How To Videos", "User Guides for Applicants and Approvers", and "Certification Portal User Registration Video".

The registration process will ask the candidate several questions to determine if the candidate has a West Virginia Department of Education certification record. If the candidate is not in the system, the process will assist the candidate in creating the candidate certification record. If the system locates certification records for the candidate, it will display basic account information for verification.

The last step in the registration process is to either create an SSO user account or locate the candidate current SSO Account.

Once the candidate has completed the registration process the candidate can log into the Certification Portal and submit the candidate application.

Add Disclosure

The example legal disclosure shows **Yes** for Question 1. The Occurrence Date, Title, Narrative, Previously Reported and Supporting Files are required to add the disclosure.

If the disclosure was previously reported to the WVDE prior to the new online system becoming available, the information will need to be entered again. Previously reported legal disclosures do not require supporting files to be uploaded, however, the candidate must provide a brief narrative. If the disclosure was not previously reported, the candidate **must** upload all applicable documentation.

Clicking the **Select files...** button allows the candidate to upload documentation which will be submitted to the WVDE along with the remainder of the application.

Once all the information has been entered and files are uploaded, click the **Add Disclosure** button to add the legal disclosure.

Once added, the candidate will see the **View Disclosure Details** button allowing the candidate to view and edit the legal disclosure prior to submitting for approval.
