

# West Virginia Licensure Testing Directory

Effective February 11, 2026

## Directory Description and Authority Information

This directory is a listing of all West Virginia Board of Education (WVBE) required licensure assessments for educator certification and for completion of WVBE approved programs leading to West Virginia licensure. This directory is maintained on the West Virginia Department of Education website and pursuant to rules for WVBE approved testing found in West Virginia State Code (ex. Sections §18A-3-1 through §18A-3-2a) and WVBE Policies (ex. 5202, 5100 and 5901).

## Licensure Requirements (Pre-Professional, Content, and Pedagogical Knowledge and Skills)

All Applicants must submit documentation meeting the following requirements:

1. Pre-Professional Skills Assessments; AND
2. Content Assessment(s) - Review the applicable content assessment(s) and passing scores required for each Endorsement area, in accordance with appropriate grade levels, in the specialization tables of this document; AND
3. Professional Education Assessments

## Test Score Validity

The validity period for in-state and out-of-state assessments and passing scores is ten years from the date on which the candidate passed the examination if such assessments were the assessments required in the WVBE policy or out of-state policy (if applicable) effective at the time the assessments were taken, except when the assessment creator specifies otherwise<sup>1</sup>. Candidates whose assessment score(s) exceed the ten-year validity period at the time of application for licensure are required to satisfy current assessments and passing scores. In those circumstances where the WVBE has not altered either the required assessment or the passing score, the assessment and score shall remain valid beyond the ten-year period.

When assessments, scores, or industry credentials listed in the manual are modified, the validity period for the previously listed assessment, score, and/or industry credential shall be one year from the effective date of the new assessment, score, or industry credential, except when the assessment creator specifies otherwise.

**12 Month Rule** – Applicants have 12 months after successfully completing a WVBE approved program to apply for licensure without having to meet any new program requirements if changes have been made.

**Exception**—Assessments, scores, or industry credentials shall remain valid for 12 months after completion of an approved program for licensure where the candidate was continuously enrolled even if the assessments, scores, or industry credentials have been modified.

Pre-Professional (Basic) Skills Assessment scores may be used beyond the ten-year limit and may be used to satisfy the pre-professional skills assessment requirement.

<sup>1</sup> *Assessment may be accepted beyond the validity specified by the assessment creator (not to exceed four years) if the applicant is continuously enrolled in an eligible program and provides documentation of continuing attempts to pass assessments, which are not more than three months apart, to complete all program requirements.*

When adding Endorsements to a Professional Teaching Certificate via content proficiency, please see WVBE Policy 5202, for assessment validity.

**ETS Praxis Bridge Option** – This is an alternative passing method for select Praxis assessments. Instead of retaking the full assessment, eligible candidates can complete a learning module provided through ETS to demonstrate their competency and earn a passing score currently shown as “alt pass” on a score report. To qualify, candidates must have attempted a Praxis assessment approved for the Bridge Option in West Virginia and scored within one standard error of measurement (SEM) of the passing score, as defined in the WV Licensure Testing Directory. Click the link for more information on the Praxis Bridge, [FAQ for Test Takers](#).

- The Praxis Bridge Option can ONLY be used when applying for initial licensure if the candidate successfully completed a program that includes both content and pedagogy.
- The Praxis Bridge Option CANNOT be used to add an Endorsement to a Professional Teaching Certificate through the content proficiency option.

**Important Information:** Refer to the most recently WVBE-approved WV Licensure Testing Directory for the most up to date information on required assessments AND for passing scores. Please note applicants under a restricted waiver and/or flexible provisions will be required to meet the specific scores based on those flexibilities that may differ from the above-listed scores (see page 6 of the Directory). Program participants of WVBE-approved educator preparation programs using EdTPA must use the handbook approved by the program provider to ensure the handbook is accepted for successful program completion prior to registering for the assessment. For individuals who completed an out of state program or a WVBE-approved pathway which did not include a Teacher Performance Assessment (TPA) and the applicant received a non-transferable Professional Teaching Certificate, the professional education TPA (in their Endorsement area) may be taken by registering as someone who is unaffiliated with a program to fulfill the TPA requirement for conversion to the transferable certificate.

Updates To The Licensure and Testing Directory  
**November 11, 2025, Revision**

- Added the 8000 series for Elementary Education.
