## INDEPENDENT AUDITOR'S REPORT

To the Members of the  
West Virginia Consolidated Public  
Retirement Board  
Charleston, West Virginia

### ***Report on the Schedules***

We have audited the accompanying schedules of employer allocations of the State Teachers Retirement System (TRS), administered by the West Virginia Consolidated Public Retirement Board, as of and for the years ended June 30, 2014 and 2013, and the related notes. We have also audited the total for all entities of the columns titled net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense excluding that attributable to employer-paid member contributions (specified column totals) included in the accompanying schedule of pension amounts by employer of the TRS as of and for the year ended June 30, 2014, and the total for all entities of the column titled net pension liability (specified column total) included in the accompanying schedule of pension amounts by employer for the year ended June 30, 2013, and the related notes.

### ***Management's Responsibility for the Schedules***

Management is responsible for the preparation and fair presentation of these schedules in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedules that are free from material misstatement, whether due to fraud or error.

### ***Auditor's Responsibility***

Our responsibility is to express opinions on the schedules of employer allocations and the specified column totals included in the schedules of pension amounts by employer based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require we plan and perform the audit to obtain reasonable assurance about whether the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the schedules of employer allocations and specified column totals included in the schedules of pension amounts by employer.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the schedules referred to above present fairly, in all material respects, the employer allocations and net pension liability, total deferred outflows of resources, total deferred inflows of resources, and total pension expense excluding that attributable to employer-paid member contributions for the total of all participating entities for the State Teachers Retirement System, as of and for the year ended June 30, 2014, and the employer allocations and net pension liability for the total of all participating entities for the State Teachers Retirement System, as of and for the year ended June 30, 2013, in accordance with accounting principles generally accepted in the United States of America.

### **Other Matter**

We have audited, in accordance with auditing standards generally accepted in the United States of America, the financial statements of the West Virginia Consolidated Public Retirement Board as of and for the year ended June 30, 2014, and our report thereon dated February 23, 2015, expressed an unmodified opinion on those financial statements.

### **Restrictions on Use**

Our report is intended solely for the information and use of the West Virginia Consolidated Public Retirement Board, the State Teachers Retirement System's participating employers and their auditors and is not intended to be used by anyone other than these specified parties.

## WEST VIRGINIA CONSOLIDATED PUBLIC RETIREMENT BOARD

NOTES TO SCHEDULES OF EMPLOYER ALLOCATIONS AND  
PENSION AMOUNTS BY EMPLOYER**1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Introduction

The Government Accounting Standards Board (GASB) Statement No. 68, *Accounting and Financial Reporting for Pensions*, establishes financial reporting requirements for governments that provide employees with pension benefits. GASB 68 requires governmental employers to recognize a net pension liability and/or a net pension asset as employees earn pension benefits. Governments participating in the State Teachers Retirement System (the Plan) will recognize their proportionate share of the collective pension amounts for all benefits provided through the plan.

Basis of Accounting

The schedule of pension amounts by employer of the Plan has been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The GASB is the accepted standard setting body for establishing governmental accounting and financial reporting principles for governmental units.

Basis of Allocation

Pension amounts have been allocated to each participating employer and non-employer contributing entity based on their proportionate share of employer and non-employer contributions to the Plan for each of the fiscal years ended June 30, 2014 and 2013. Employer contributions are recognized when due. Retroactive service, military service, out of state service, and back pay employer contributions have been excluded from the allocation. Employer contributions made by the non-employer contributing entity on behalf of participating employers have been allocated to the non-employer contributing entity in accordance with the special funding situation requirements of GASB 68. See Note 4, special funding situation, for additional discussion.

Accounting Estimates

The preparation of the schedules of employer allocations and pension amounts by employer in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net pension liability, deferred inflows of resources, deferred outflows of resources, and pension expense as of the measurement date. Actual amounts could differ from those estimates.

Measurement Date

Net pension liability, deferred inflows of resources, deferred outflows of resources, and pension expense were determined by actuarial valuations as of July 1, 2013 rolled forward to June 30, 2014, which is the measurement date.

Beginning Balance Presentation (Employers and Non-Employer)

Due to the adoption of a measurement date of June 30, 2014, the schedule of employer allocations and schedule of pension amount by employer as of and for the year ended June 30, 2013 are presented to assist the employers and non-employer participating in the Plan in reporting the beginning (cumulative effect) adjustment as of July 1, 2014 to recognize their proportionate share of the net pension liability as of that date.

## WEST VIRGINIA CONSOLIDATED PUBLIC RETIREMENT BOARD

NOTES TO SCHEDULES OF EMPLOYER ALLOCATIONS AND  
PENSION AMOUNTS

(Continued)

**2 - AMORTIZATION**

The net difference between projected and actual investment earnings on pension plan investments is amortized over a five year period. All other deferred outflows of resources and deferred inflows of resources relating to pension amounts reported in these schedules are amortized and included in pension expense over the average remaining service life of 5.91 years.

**3 - ACTUARIAL REVISIONS**

Subsequent to the issuance of the West Virginia Consolidated Public Retirement Board's June 30, 2014 Comprehensive Annual Financial Report, certain actuarial amounts from the actuarial valuation as of July 1, 2013 rolled forward to June 30, 2014 were revised. The amounts revised as of June 30, 2014 were used to prepare these schedules and are described below:

Total pension liability		\$ 10,132,186,000	
Plan fiduciary net position		<u>(6,682,093,000)</u>	
Net pension liability		<u>\$ 3,450,093,000</u>	
Plan fiduciary net position as a percentage of the total pension liability		65.95%	
	1% Decrease	Current Discount Rate	1% Increase
<u>Sensitivity of Discount Rate</u>	<u>(6.5%)</u>	<u>(7.5%)</u>	<u>(8.5%)</u>
Total net pension liability	\$ 4,474,369,000	\$ 3,450,093,000	\$ 2,570,728,000

**4 - SPECIAL FUNDING SITUATION**

The State of West Virginia (State) is a non-employer contributing entity that provides funding through the School Aid Formula (SAF) to subsidize employer contributions of county boards of education and to fund the unfunded liability of TRS for all participating employers. These amounts qualify as a special funding situation in accordance with GASB 68. The State assumes a share of the net pension liability on behalf of the various county boards of education for contributions related to the SAF. The State assumes a share of the net pension liability on behalf of all participating employers for contributions related to funding of the unfunded liability.
