Office of Certification and Professional Preparation Process for Online Initial Out-of-State Teaching Applications
(Form 20A, 20R)

Applicant User Guide

Last Updated January 25, 2019

The West Virginia Department of Education, Office of Certification and Professional Preparation have created this user guide, in conjunction with West Virginia Interactive for your reference.
Introduction

The WVDE Initial Teaching Application enables applicants needing to obtain their initial professional teaching certification to do so online without having to go through the manual process previously required to obtain approvals from the County Superintendent and the West Virginia Department of Education.

Applicants are able to submit their initial application (Form 20T) to their respective institution of higher education using the new West Virginia Electronic Application Processing (WVEAP) System. Once reviewed and approved by the institution of higher education and/or their county board of education (if employed), the applicant is notified to pay all applicable fees. After payment has been processed, the initial application is then sent to the WVDE for final approval.

*Note – Please use the most up-to-date versions of popular browsers to access the system. The system has been tested in Internet Explorer, Chrome, Safari, and FireFox. In addition, the system has been optimized for operation on a mobile device. The menus and field on system screens are “responsive” and will arrange appropriately based on the size of your browser window or device screen.
Certification Registration

Each applicant must first register with the Certification Portal to connect their certification records with their Single Signon Account (SSO)/Webtop Account. A Webtop account (SSO) is assigned to all full-time county school employees. If you are not a full-time employee, please follow the steps below to create one.

The registration process will assist you in creating your SSO account. A valid email address is required when creating a SSO account. Applicants who are currently employed in a WV School System should already have a SSO account/Webtop account through their district. Applicants will need the SSO username and password to register and log in.

From the Certification Portal home page (https://wveis.k12.wv.us/certportal/), click the “Register” button to start the certification portal registration process.

The registration process will ask you several questions to determine if you have a West Virginia Department of Education certification record. If you are not in the system, the process will assist you in creating your certification record. If the system locates certification records for you, it will display basic account information for verification.

The last step in the registration process is to either create a SSO user account or locate your current SSO Account.

Once you have completed the registration process you can log into the Certification Portal and submit your application.

The Applicant Dashboard consists of two sections, Applications and Credentials.

Displays all pending initial teaching certificate applications submitted by the user. As you can see in Figure 1, no pending application(s) currently exist.

View Recent Application History
View previously submitted applications.

Credentials
Certificates
Displays the credentials the user currently has on file with the WVDE. All credentials that have the Renew button beside it may be renewed using the new online process.
To begin the application process, you will see the following screen and you will select “CREATE NEW APPLICATION.”

The Next Screen will ask you to Choose License Type and you will select TEACHER

The menu will then ask what you want to apply for and you will respond with Initial Teaching Certificate.
The program will then ask where you are applying from and you will select the following:

Option 1: If you are applying through the recommendation from a college/university, you will select “For Certification upon Completion of a Teacher Preparation Program from a Regionally Accredited Institution of Higher Education in a State Other Than West Virginia.”

Option 2: If you are transferring a valid out-of-state license through Reciprocity, you will select “For Certification Based On Reciprocity (Possession of a Valid Out-Of-State License).”
Next, you will be asked if you are United States Citizen and you will select Yes or No.

The next step is to add your institution where you completed your degree and certification. If you have not made any other on-line applications with the Office of Certification and Professional Preparation, this section will be blank and you will be required to complete the necessary Educational Degree(s) History.

The next section will ask you to select a radio button about your fingerprinting. Please note if you have held any other certification issued by the State Department of Education in West Virginia other than a Student Teaching Permit, you do not need to be fingerprinted again.
Now, you will click Start Application

The next section will have you answer the Legal Disclosures

Applicants are required to report all background information even if the disclosure was submitted to the WVDE as part of a previous submission. Please select “Yes” or “No” to every question.
Selecting “Yes” requires you, the applicant, to complete a series of questions regarding the legal disclosure.

The example legal disclosure in *Figure 5* shows “Yes” for Question 1. The Occurrence Date, Title, Narrative, Previously Reported and Supporting Files are required for in order to add the disclosure.

You should click the checkbox if the disclosure was previously reported to the WVDE prior to the new online system becoming available. Previously reported legal disclosures do not require supporting files to be uploaded, however, you must provide a brief narrative. If the disclosure was not previously reported, you must upload all applicable documentation.

Clicking the Select files... button allows you to upload documentation that will be submitted to the WVDE along with the remainder of the application.

Once all your information has been entered and files uploaded, click the Add Disclosure button to add the legal disclosure.
Once added, you will see the button allowing you to view and edit the legal disclosure prior to submitting for approval.

Please note, you may not edit or delete a legal disclosure once it has been submitted for approval.

**Selecting County**

Please select from the dropdown list the county where you are currently employed. If you are not currently employed including as a substitute, please select the first option in the selection list.

If you are employed by a RESA, OIEP, WVSDB, or a CTE Center, please select that entity from the dropdown list and not the county where you live or where the entity is located.
The next step will ask you to select the institution that will be recommending you for the teaching certificate if you have selected the option of: Applying for certification upon completion of a teacher preparation program from a regionally accredited institution of higher education in West Virginia. If you selected the Reciprocity option with a valid out-of-state certificate please move on to the Supporting Documents Section.

The next step will ask you to upload any supporting documents (Form 7, PRAXIS Score Report, or Driving Record). Please note: The driving record is only required if you are being recommended for or currently possess a Driver’s Education endorsement.

The List of Options available for the Supporting Documents are only a list and not every document is required. For example, when transferring a valid license from out-of-state, you will not need to provide PRAXIS Exam Scores.
