**Introduction**

The WVDE renewal of the professional certificate enables applicants needing to renew or convert their professional teaching, student support, or administrative certification to do so online without having to go through the manual process previously required to obtain approvals from the County Superintendent and the West Virginia Department of Education.

Applicants are able to submit their renewal to their respective county and/or institution of higher education using the new West Virginia Electronic Application Processing (WVEAP) System. Once reviewed and approved by the institution of higher education (if applicable) and/or their county board of education (if employed), the applicant is notified to pay all applicable fees. After payment has been processed, the initial application is then sent to the WVDE for final approval.

*Note – Please use the most up-to-date versions of popular browsers to access the system. The system has been tested in Internet Explorer, Chrome, Safari, and FireFox. In addition, the system has been optimized for operation on a mobile device. The menus and field on system screens are “responsive” and will arrange appropriately based on the size of your browser window or device screen.*
Certification Registration

Each applicant must first register with the Certification Portal to connect their certification records with their Single Signon Account (SSO)/Webtop Account. A Webtop account (SSO) is assigned to all full-time county school employees. If you are not a full-time employee, please follow the steps below to create one.

The registration process will assist you in creating your SSO account. A valid email address is required when creating a SSO account. Applicants who are currently employed in a WV School System should already have a SSO account/Webtop account through their district. Applicants will need the SSO username and password to register and log in.

From the Certification Portal home page (https://wveis.k12.wv.us/certportal/), click the “Register” button to start the certification portal registration process.

The registration process will ask you several questions to determine if you have a West Virginia Department of Education certification record. If you are not in the system, the process will assist you in creating your certification record. If the system locates certification records for you, it will display basic account information for verification.

The last step in the registration process is to either create a SSO user account or locate your current SSO Account.

Once you have completed the registration process you can log into the Certification Portal and submit your application.

Question 2
Have you ever been disciplined, reprimanded, suspended, or discharged from any employment because of allegations of misconduct?

Question 4
Is any action now pending against you for alleged misconduct in any school district, court, or before any educator licensing agency?

Question 5
Have you ever been arrested, charged with, convicted of, or are currently under indictment for a felony?

Question 6
In addition to your past disclosure, have you ever been arrested, charged with or convicted of a misdemeanor? (For the purpose of this application, minor traffic violations should not be reported). Charges or convictions for driving while intoxicated (DWI) or driving under the influence of alcohol or other drugs (DUI) must be reported.)
Selecting “Yes” requires you, the applicant, to complete a series of questions regarding the legal disclosure.

The example legal disclosure above shows Yes for Question 1. The Occurrence Date, Title, Narrative, Previously Reported and Supporting Files are required for in order to add the disclosure.

You should click the checkbox if the disclosure was previously reported to the WVDE prior to the new online system becoming available. Previously reported legal disclosures do not require supporting files to be uploaded, however, you must provide a brief narrative. If the disclosure was not previously reported, you must upload all applicable documentation.

Clicking the Select files... button allows you to upload documentation which will be submitted to the WVDE along with the remainder of the application.

Once all your information has been entered and files uploaded, click the Add Disclosure button to add the legal disclosure.
Once added, you will see the button allowing you to view and edit the legal disclosure prior to submitting for approval.

Please note, you may not edit or delete a legal disclosure once it has been submitted for approval.

Next, you will be asked to select the option that you will use to renew your teaching or student support certificate.

For renewal of the administration certification, you will only be given three options to renew the certificate.
Selecting County
Please select from the dropdown list the county where you are currently employed. If you are not currently employed, please select the first option in the selection list.

The next step will ask you to select the institution that will be recommending you for the renewal if you selected options 1 or 3 above.

The next step will ask you to upload any supporting documents (Form 7, PRAXIS Score Report, or Driving Record). Please note: The driving record is only required if you are renewing a Driver’s Education endorsement. **If you are submitting a Form 4B, it can uploaded under this section also by choosing one of the options as the selections are just a placeholder.**
**Reviewing Application**

Once all of the required information has been entered, click the **Review** button to review your application and make any needed changes prior to submitting for approval.

If all the information is correct, click the **Submit** button to submit to your county superintendent for approval. Please note: If you are not employed by a county school system, RESA, Diocese, OIEP, or WVSDB, the application will be submitted directly to WVDE and a request for payment will be issued through e-mail.

**Approval Process**

Once you have submitted your renewal application to the county superintendent for approval, you will notice that your status has changed from “Not Submitted” to “Pending Institution” and you also have the addition of a “Holds” button. Please Note: The picture below describes just an example of a type of form that may be listed and may not be the one you are renewing.
Clicking the &amp;#128;16; button allows you to view any holds placed on the application. You will notice in the figure below that a hold has been placed on the application letting you know it is pending county superintendent approval.

</table>

The “Hold Date” column states when the hold was placed on the application and the “Resolved” column lets you know when the hold was removed. Clicking the View button allows you to view the submitted application, but you will be unable to make any changes while the application is under review.

Now that you have submitted your renewal application for approval, the application can either be approved, denied or sent back by the approving county.

**Approved**

If your application has been approved, you will receive an email informing you of such and you that you must now login to your dashboard to pay for any fees associated with the application. The figure below shows an example of an application that has been approved by the county and is pending payment.

Clicking the Pay Now button adds the application to the cart and directs you to the Application Cart page.

**Payment Process**

The Application Cart Page includes the application type, date submitted and fee amount for the application you are making a payment for. As additional credentials become available to apply or renew online, you will have the ability to pay for multiple applications simultaneously.
Click the **Checkout** button to continue the payment process.

Once payment has been made, you will notice in the figure below that once again the status for the application has changed. Your Application has now been sent to the WVDE for approval.

If approved, you will once again receive an email stating that your application has been approved by the WVDE and the renewal process is complete. The next time you access your dashboard, you will now see a status of “Approved Application”.
