### **Certification Registration**

Each applicant must first register with the Certification Portal to connect their certification records with their Webtop Account. A Webtop account is assigned to all full-time county school employees. If you are not a full-time employee, please follow the steps below to create one.

From the Certification Portal home page (<a href="https://wveis.k12.wv.us/certportal/">https://wveis.k12.wv.us/certportal/</a>), click the "Register" button to start the certification portal registration process.

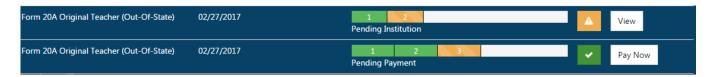

The registration process will ask you several questions to determine if you have a West Virginia Department of Education certification record. If you are not in the system, the process will assist you in creating your certification record. If the system locates certification records for you, it will display basic account information for verification.

The last step in the registration process is to either create a Webtop account or locate your current Webtop Account.

Once you have completed the registration process you can log into the Certification Portal and submit your application.
