

Initial Vaccinations for School Employees

To launch school recovery efforts, the WVDE has worked in conjunction with Gov. Jim Justice, the National Guard and DHHR to establish a timeline for the vaccine rollout for all West Virginia school personnel ***age 50 and older***.

County superintendents will provide additional details to their school personnel. Additional details are also forthcoming about vaccines for employees age 50 years and younger.

Vaccination administration will begin the week of January 4, 2021.
