

Attention Current and Future West Virginia Educators!

Did you know the West Virginia Department of Education offers FREE Praxis Preparation?

The **WVDE Praxis Support** program is designed to help improve candidates' skills in areas assessed by the Praxis tests through a series of pre-tests, study guide modules, and post-tests developed by distinguished math and science educators throughout West Virginia. The program is hosted completely online.

The **WVDE Praxis Support** program supports:

- » Core Academic Skills for Educators Subtest (5733);
- » Elementary Multiple Subjects Mathematics Subtest (5003);
- » Middle School Mathematics (5169);
- » Algebra 1 (5162);
- » Geometry (5163); and
- » General Science: Content Knowledge (5511).

The WVDE Praxis Support program provides study guides including interactive lessons, practice questions, instructional videos as well as pre- and post-tests. A content specific expert is available for just-in-time support. Study guides and mentor support are provided at **no cost** to the candidate.

Upon completion of a set of WVDE Praxis Support study guide modules, candidates will be provided a Praxis pre-test and one Praxis exam, both at no cost to the candidate.

Please contact Donna Landin at dlandin@k12.wv.us for more information.
