

WVGSA Spring 2022 – Preliminary Statewide Assessment Data

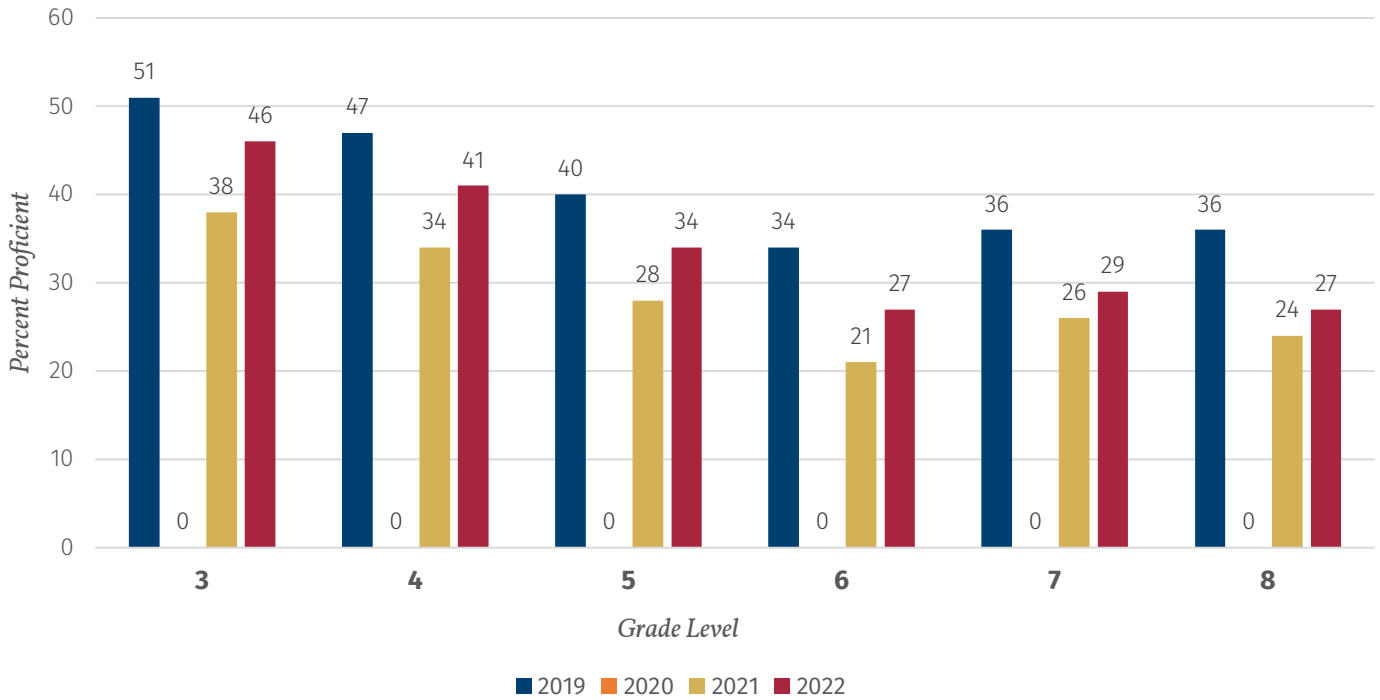

This report presents preliminary statewide aggregate results of students who took the West Virginia General Summative Assessment (WVGSA) in grades 3-8 during the spring of 2022. It does not include the results of students who took the WV Alternate Summative Assessment or the Grade 11 SAT School Day. It has not been adjusted to reflect the requirements for federal accountability reporting such as full academic year (FAY), which may slightly change the percent proficient.

All county and school results remain embargoed until the release of the West Virginia Balanced Scorecard at the August 2022 West Virginia Board of Education meeting.
