 LEA Monitoring Document

LEA:	LEA Personnel:	WVDE Program Monitor(s):	Date(s) of Monitoring Visit:
Ohio	Walt Saunders	Elizabeth McCoy Carrie Reeves	June 14, 2022

The following monitoring document is provided to local education agency personnel to be used for the monitoring of their ESSER I funded program. For each of the monitoring indicators, program compliance and/or effectiveness is determined based on interview responses, supporting evidence provided by the Local Education Agency (LEA), as well as information gathered through the statewide WVEIS data collection and the Grants and Planning System (GPS) platform.

The list, found beside Sample Evidence, has examples of documentation that may be submitted and/or reviewed. The LEA must keep five years of documentation related to monitoring indicators. An official notice of monitoring will be provided to the LEA, which will indicate the exact school year documentation that is to be submitted for the monitoring year in which the LEA is scheduled for review. The LEA will submit required documentation, via Office 365—One Drive folder provided by the Office of Federal Programs. If monitoring findings warrant, the WVDE Office of Federal Programs reserves the right to request prior year documentation to complete monitoring reviews.

During review, the program monitor(s) will provide the following ratings for each monitoring item:

- **Compliance**-- the LEA meets all requirements of statute or regulation in the implementation of its program.
- **Meets Compliance with Recommendations**-- the LEA meets minimum requirements of statute or regulation in the implementation of its program. In this case, a recommendation may be issued.
- **Does Not Meet Compliance**-- the LEA does not meet the minimum requirements of statute or regulation in the implementation of its program, in this case, a finding will be issued.
