David Warvel, Superintendent  
Summers County Schools  
418 Temple Street  
Hinton, WV 25951

Dear Superintendent Warvel :

In accordance with the ESSER initiatives, a review team from the West Virginia Department of Education's (WVDE) Office of Federal Programs conducted a desktop monitoring review on February 23, 2023, for Summers County's ESSER II / ARP funding sources for fiscal management and Program Details. The team members included: Mami Itamochi, Carrie Reeves, and Elizabeth McCoy.

The attached ESSER II / ARP Monitoring Report indicates the results of the team's review for each monitoring indicator. After reviewing the enclosed report, please provide a written response acknowledging acceptance of each finding, corrective action, and recommendation indicated in the report. If a decision is made not to implement a recommendation, a valid reason must be stated. Please address this written response to Laura Pauley, Federal Programs Director, and **upload** it to the district's ESSER II / ARP Monitoring folder, in OneDrive, entitled **Monitoring Response and Corrective Action, by May 22, 2023**. Also, for each finding, the district needs to upload specified corrective action documentation, to the same OneDrive folder, by the dates listed in the monitoring report.

On behalf of the monitoring team, I want to thank you for the district's time and cooperation during the monitoring process. Please contact me at [lepauley@k12.wv.us](mailto:lepauley@k12.wv.us) with any questions or concerns.

Sincerely,

Laura Pauley, Federal Programs Director  
Office of Federal Programs and Support
