It is proposed that a new school for Ona Elementary become the top priority in the county and that multiple HVAC replacements across the school district be moved up. Projects proposed to be added to the CEFP are an emergency access road at Huntington High, green space at Huntington East Middle, restroom renovations at both high schools, and turf for the softball and baseball fields at both high schools. The projects are planned to be funded through local funds and a grant(s) from the SBA.

It is recommended that the **Cabell County Board of Education's request to amend their 2020-2030 CEFP be approved.**

6. Wayne County Schools' Request to Extend the Expiration Date of the Previously Approved Closure and Consolidation of Buffalo Elementary and Buffalo Middle School - (Action)

[Attachment G](#)

Micah Whitlow

On April 15, 2021, the West Virginia State Board of Education (WVBE) approved the Wayne County Board of Education's (WCBE) request to close and consolidate Buffalo Elementary School into Buffalo Middle School and create Buffalo PreK-8 school. These actions were contingent upon receiving funding from the School Building Authority of WV (SBA) to complete additions and renovations to the existing Buffalo Middle School.

Policy 6204 states that a State Board-approved school closure, pending funding from the SBA, is only valid for two years from the date of the WVBE approval.

In October of 2022, the WVBE accommodated a change in the SBA's typical grant funding cycle and extended the expiration date of this approved closure from April 15, 2023, to December 31, 2023. Under standard procedures, the SBA's fiscal year (FY) 2024 funding cycle was the last opportunity for the Buffalo PreK-8 project to be funded, and they were unsuccessful in their application.

Whereas the Governor has requested and the Legislature of West Virginia has enacted a bill making a supplemental appropriation of money to the SBA's FY-2024 School Construction Fund, the WCBE respectfully requests that the expiration date of the approved closure and consolidation of Buffalo Elementary into Buffalo Middle School be extended until such time as the SBA completes the award process for funds from the enacted FY-2024 supplemental appropriation to the School Construction Fund.

This extension would enable WCBE's Buffalo PreK-8 project to be eligible for funding supplementally appropriated to the same fiscal year in which it was previously eligible.

Based on the information provided, it is recommended that **the expiration date of the approved closure and consolidation of Buffalo Elementary into Buffalo Middle School be extended until such time as the SBA completes the award process for funds from the enacted 2024 supplemental appropriation to the School Construction Fund.**
